

## Request for Proposal (RFP)

**For:** Sustainable Cultural Management Programme for Festival Practitioners: UK supplier

**Date:** August 2021

### 1 Overview of the British Council

1.1 The British Council is the UK's international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

1.2 We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Each year we reach over 20 million people face-to-face and more than 500 million people online, via broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body

1.3 The British Council employs over 10,500 staff worldwide. It has its headquarters in the UK, with offices in London, Manchester, Belfast, Cardiff and Edinburgh. Further information can be viewed at [www.britishcouncil.org](http://www.britishcouncil.org).

### 2 Introduction and Background to the Project / Programme

2.1 Arts is a cornerstone of the British Council's mission to create friendly knowledge and understanding between the people of the UK and the wider world. We find new ways of connecting with and understanding each other through the arts, to develop stronger creative sectors around the world that are better connected with the UK. To achieve this our programme will span six key pillars:

1. **Cultural professionals connect** – Support organisations and artists to build networks, collaborate and develop markets.
2. **Artists and audiences** - Share the work of UK artists with global audiences face-to-face and virtually.
3. **Spotlights on culture** - Work with major UK and international cultural platforms, including festivals, seasons of culture, biennales and major civic anniversaries.
4. **Enterprise, policy and leadership** - Develop the capacity of creative entrepreneurs and policymakers to support sustainable creative economies in their countries.
5. **Cultural heritage** - Protect heritage at risk and generate sustainable socio-economic prosperity.

**6. Our shared futures** – Transform lives through the power of art to change attitudes and create opportunities in the areas of inclusion and climate change.

**About the programme:**

Cultural festivals symbolise cultural identities and have a significant and important influence on the development of local communities, as well as a positive impact on the local economy. In the current context, where sustainability is considered the cornerstone of every activity within the cultural and artistic sphere, the festivals' sector carries a great responsibility after facing important challenges that impacted its economic, socio-cultural, and environmental activity due to the COVID-19 global pandemic.

**The Sustainable Cultural Management Programme** is a 15-hour online capacity building programme that aims to provide festival practitioners with tools for developing sustainable practices on the job, as well as to reflect on how to make an impact and have climate justice conversations across cultural projects. The online programme will combine a workshop to support 25 participants in their practices with a sustainable approach, as well as complementing the programme with a monitoring framework. Additionally, the creation of a toolkit that can serve as a useful resource for these ends will be another asset to add value to the programme. (see Specifications below).

This programme will be delivered to the beneficiaries of the [Cultura Circular Fund](#) -- a grant scheme for the development of sustainable festivals in Mexico, following the **2030 Agenda for Sustainable Development**.

This programme is one of the many activities delivered by the British Council [Climate Connection initiative](#), in the context of the 26th UN Climate Change Conference (COP26), to be held in the city of Glasgow in November 2021.

**Overall programme objective:**

To strengthen the development, knowledge, and expertise of Mexican festivals by promoting a sustainable cultural approach that can trigger a change in attitudes, narratives and practices making an impact in the climate change movement.

**Specific programme objectives:**

- Obtain management competencies for developing a sustainable practice on the job (e.g., carbon emissions, climate impact, green providers, etc).
- Explore diverse ways in which festival practitioners can have climate justice conversations while exercising and influencing leadership to make an impact across culture.
- Explore and learn methodologies for generating the development of local and national festivals in Mexico sustainably, while resolving general or regional environmental challenges on festivals management.

- Propose a sustainable festival management model for Mexican festivals based on the need of the participants.

## 14 Evaluation Criteria

14.1 You will have your tender response evaluated as set out below:

**Stage 1:** Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to Stage 2. Any tender responses not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

**Stage 2:** If a bidder succeeds in passing Stage 1 the evaluation, then it will have its detailed tender response to the British Council's requirements evaluated in accordance with the evaluation methodology set out below.

14.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantages tender using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Matching of criteria particularly skills, knowledge and experience, outlined in this RFP	30%
Quality of proposal	25%
Methodology and Approach	25%
Commercial (value for money)	20%

14.3 Scoring Model – Tender responses will be subject to an initial review at the start of Stage 3 of the evaluation process. Any tender responses not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Tender responses not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	<b>Excellent</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.

<b>7</b>	<b>Good</b> – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidder's failure to provide all information at the level of detail requested.
<b>5</b>	<b>Adequate</b> – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder's failure to provide all of the evidence requested.
<b>3</b>	<b>Poor</b> – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
<b>0</b>	<b>Unacceptable</b> – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

14.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex [3] (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation. Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the British Council as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full tender response at this point. The British Council may also reject any tender response where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the EU procurement rules. A maximum offer score of 10 will be awarded to the tender response offering the lowest “Overall Price”. Other tender responses will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

14.5 Moderation and application of weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall tender score will be obtained by applying the relevant weighting factors set out as part of the award

criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

14.6 The winning tender response – The winning tender response shall be the tender response scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information or references relating to any Qualification Question responses) obtained by the Authority relating to any self-certification or other requirements referred to in the Qualification Questionnaire (*if used*). If any verification evidence requested from a supplier, or a relevant third party as may be referred to by the supplier in the Qualification Questionnaire (*if used*) as a party prepared to provide such information, is not provided in accordance with any timescales specified by the British Council and/or any evidence reviewed by the British Council (whose decision shall be final) does not demonstrate compliance with any such requirement, the British Council may reject that tender response in full and disqualify the potential winning supplier from the Procurement Process at that point.
